

OFFICIAL WELCOME

Thank you for raising your hand.

You’ve been accepted as a mentor for the Fall 2026 cohort, and we truly believe you’ll be a fantastic addition to it.

THE WINDOW YOU’RE COMMITTING TO

September 9 → November 20

Your part runs **September 14**, when your match lands, through **November 6**, when all three meetings need to be done. The rest is onboarding on the front and paperwork on the back.

Hi Jeanne,

Thank you, genuinely. You’ve heard from us already, so consider this the official one, and we appreciate the time you put into applying.

We loved what you wrote about what you want to give and what you want back. Practical, in-the-trenches brand and go-to-market guidance, the kind you use every day teaching business strategy and running your own company, traded for staying close to the problems founders are actually wrestling with right now. That trade is the whole idea here. TechUnited has spent nearly three decades as New Jersey’s innovation infrastructure, connecting founders, investors, operators and policymakers, and building for the founders the old network never got around to inviting. Someone who teaches this for a living is exactly who we want in that room, and we intend to take full advantage of it.

Thank you for being here,

The Uplift and TechUnited:NJ Team

ONE THING WE NEED FROM YOU FIRST

Are you in for the Fall 2026 cohort?

A founder’s match is held for whoever says yes, so we need a straight answer either way. **Please confirm by Friday, September 11.**

Yes, I’m in

No, not this round

WHERE MATCHING STANDS

Your match arrives Monday, September 14.

Their **Uplift resume**, their goals, and **how to reach them**.

Not a CV or a work history. An Uplift resume is what they wrote in their application, laid out on one page so you get the whole snapshot in a minute.

WHY THE 14TH AND NOT TODAY

Two reasons, and both of them protect your time.

Commitment first. Onboarding is where founders confirm and walk the requirements in full. Your founder should be locked in on what they owe you before you give up an hour.

A sharper match. Onboarding prompts tell us things an application cannot. That either **reinforces** the match we have for you or **refines** it.

YOU’RE WELCOME AT ONBOARDING · OPTIONAL

Nothing here is expected of you. These are built for the founders. Come if you want to see what yours is being told. **All of them cover the same material**, so take whichever time works.

ON US

AI Demo Night is that same Thursday, same building.

Over 100 companies applied in under 24 hours. Three are pitching. Five minutes each plus live Q&A, in front of about 80 founders, operators, and investors. Doors 6:30, right after onboarding wraps, so you can walk from one into the other. **Both are on us.** Use code **UPLIFT**.

★ WANT AN EARLY START?

BOTH ARE NEW THIS CYCLE

We built both of these after the summer cohort, because they are the things summer mentors told us they wished they had.

The Founder Lookbook

This cohort, put together like a magazine. A page of faces, then a feature on each founder: **what they are building**, **the stage they are actually at**, and **the problem they are trying to crack**. It is the closest thing to walking the room before you are in it, and it is who you would be sitting across from.

[Read the lookbook →](#)

We built you a skeleton for the three meetings.

How you could structure each one and what your founder carries out of them:

Discover, then **Act**, then **Roadmap**. Worth a look. It is suggested and optional, never required.

Thank you for saying yes to this.
Watch for your match on September 14.
